Log -in
modal

A wireframe of a login and registration modal. At the top, there is a horizontal navigation bar with four rounded rectangular buttons: "About", "Products", "Wholesale", and "Contact". Below this bar is a large rectangular container with a thick yellow border. Inside this container, there are two side-by-side sections. The left section is titled "Log in" and contains a large rectangular input field. The right section is titled "New Customer" and contains a smaller rectangular input field with the text "sample only? Or would you like to make an order?".

A wireframe of a shopping cart modal. At the top, there is a horizontal navigation bar with four rounded rectangular buttons: "About", "Products", "Wholesale", and "Contact". To the right of the "Contact" button is a shopping bag icon. Below this bar is a large rectangular container with a thick yellow border. Inside this container, there is a single section titled "Basic form" which contains a large rectangular input field.

Shopping cart will
track number of
items added to cart,
with product
modifications,
pricing, taxes,
shipping, delivery
fees. If empty it will
link back to the
products page.
